Case # 2008-00451

Ms. Stephanie Stumbo
Public Service Commission
P.O. Box 615
Frankfort, KY 40602

Dear Ms Stumbo:

I received the rejected letter for our change in connection fees due to deficiencies pursuant to 807 KAR 5:011. I apologize for not having the proper paperwork in order, but I had sent this to find out what was needed to submit this type of rate change and did not expect it to be filed as is.

Fortunately, this worked in our favor. Shortly after I submitted, we realized other portions of our new connection cost have increased and we need to take a better look at all the materials involved in installing new services not just copper. I will be submitting a new request to increase soon. This time I should have all my paperwork in order. Please disregard the form dated Oct 16, 2008.

Sincerely,

Rita Westrick
